

The E-Posters

Will be at the e-Poster Area located at the meeting venue. E-Posters will be available to all congress participants through computers reserved to the e-posters presentations.

E-poster presentation can include up to 10 slides (landscape layout) offering information on the following topics: Introduction, Material & Methods, Discussion and Conclusion

- PDF and Power Point formats are accepted
- Authors are welcome to add image, tables and detailed data to better document their e-poster. Videos can not be included. All slides must have landscape orientation. Author should take full advantage of the slide area

Authors with a confirmed registration to the congress need to **UPLOAD** their e-poster file(s) **not later than 15th May 2008** under: <http://abstracts.ehs.centraloffice-europe.com/>
*Please use your username and password you have already received with your Abstract Confirmation **to log on and access the upload section.***

On this same upload private section, authors are welcomed to announce their availability to discuss the poster with the interested congress participants at the poster area

EHS will set up in advance the E-Poster presentation system and authors will receive a notification email to preview online their presentation **by latest 5th June 2008.**

The Paper posters

Have to be set on Wednesday June 11th between 08.00am and 12.00m and being removed Friday 13th September from 02.30 pm.

The size of the poster should be: 1, 10 high x 0, 90 width.

The organisers will provide you with the necessary means for setting it up

This year, there will not be computer presentation of the posters.

Registration

First authors must be registered before **April 1st**. If the first author is not registered on this date the meeting will consider that the abstract will no be presented, so it will removed from the scientific programme and the abstract book

Please visit the congress web site to register: <http://www.ehs2008.com>
